2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1-2, 6-7, 9-13, 22-28, 32-33, 35-38, 42-43, 45-50 are rejected under 35 U.S.C. 102(b) as being anticipated by Qin et al (Pat. No. 5,680,409) or Umeno et al (Pat. No. 5,412,584) or Giordano et al (Pat. No. 5,544,308).

Qin et al teach a computer readable medium and a method for identifying a faulty measurement including computing (fig. 5 and 8) a correlation value associated with each of the plurality of measurements, and selecting (fig. 5 and 8) a measurement among the plurality of measurements as the faulty measurement based on the correlation values.

Umeno et al teach a computer readable medium and a method for identifying a faulty measurement including computing (70, 35; fig. 29) a correlation value associated with each of the plurality of measurements, and selecting (fig. 24 and 37) a measurement among the plurality of measurements as the faulty measurement based on the correlation values.

measurement among the plurality of measurements as the faulty measurement based on the correlation values.

4. Claims 3-5, 8, 29-31, 34, 39-41, 44 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

5. Claims 14-21 are allowed.

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action.
